TRAINING™

REACTION TRAINING™ WITH CYBEX TRAZER™

CYBEX Trazer is a powerful new experience that dramatically improves muscle and mental agility while adding exciting new dimensions of fun and function to exercise. CYBEX Trazer launches you into an interactive virtual world where reaction time, acceleration, speed, power and balance drive on-screen activities. It's a unique and entertaining fitness experience that utilizes patented CYBEX Trazer technologies to measure performance in a way that cannot be duplicated. CYBEX Trazer is ideal for:

- Commercial Fitness Centers
- Colleges and Universities
- Military, Police and Fire Personnel
- K-12 Schools
- Sports Training Facilities
- Home Gyms

move

React, balance, accelerate!
Unlike traditional equipment, CYBEX Trazer allows free movement that is fun and functional for people of all ages and abilities.

EXPANDING THE WAY PEOPLE EXERCISE

Dynamic programming provides visual and auditory cues that combine functional movement with immediate biofeedback to create a true mind/body experience. From kids to seniors, CYBEX Trazer allows users of all abilities to set and achieve goals in a virtual world. For owners and operators, CYBEX Trazer enhances existing programs and creates new ones.

measure

CYBEX Trazer's patented technologies measure key aspects of functional and physiological performance. Getting fit while having fun, CYBEX Trazer will leave you feeling and moving better.

VIRTUAL REALITY, REAL RESULTS

- Cardiovascular and Aerobic Endurance
- Spatial Awareness
- Weight Management
- Reaction Time
- Agility
- Quickness and Speed
- Balance
- Coordination
- Power
- Vertical Leap
- Sport-Specific Conditioning
- Functional Cardio-Efficiency

motivate

CYBEX Trazer provides immediate feedback not available anywhere else. Compete against yourself or a virtual opponent while engaging in mind and body challenges.

FITNESS TECHNOLOGY

- 1 Video Display: (not included) CYBEX Trazer works with computer-compatible monitors, projectors and televisions. A VGA connection is required.
- 2 Application Software: CYBEX Trazer's tests, drills, games and programs can be modified to meet the goals and capabilities for users of all ages.
- 3 Infrared Beacon: (belt included) Precisely tracks movement, transmits heart rate, and relays data to the Simulator Core.
- 4 Simulator Core: Cutting edge technology delivers graphics, tracks movement, analyzes data, and measures results.

FINANCE OR OWN CYBEX TRAZER™ TODAY

CYBEX provides financing solutions that make it easier for you to feature CYBEX Trazer in your facility. We are also here to help you build a successful business. Beyond providing you with top-notch fitness products, we are experts at providing custom-designed financing solutions for all aspects of your business. This means, in addition to our fitness equipment and CYBEX Trazer, we can help you finance items like lockers, entertainment solutions, furniture and signage. We will even consider financing a percentage of your remodeling costs.
