

Decóra

DECÓRA TILE SERIES

If color is what you are looking for, look no further. Decóra offers awesome choices with the durable performance of resilient rubber.

Non-slip textured finish combined with a solid color and marbled accents satisfies the most stringent design requirements.

Manufactured using a virgin rubber top-layer vulcanized to a recycled rubber base, Decóra ensures a very durable, non-porous floor finish for ideal protection and safety.

Decóra provides great value and numerous options for all your recreational flooring needs. Made of the highest quality synthetic and recycled rubber, Decóra offers the perfect choice for non-slip durability, resilience, safety, and comfort. A wide range of design and application features are available.
