

NEW!

VR1 DUALS

LAT/ROW

#13250

The VR1 Duals offer the same performance benefits found in all CYBEX equipment. They support correct alignment and proper body mechanics. In addition, their stylish design and affordability make them a great solution for any small footprint area.

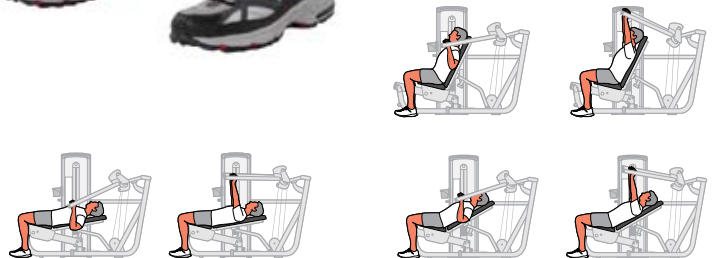

MULTI-PRESS

#13240

AB/BACK EXTENSION

#13200

PREMIER STRENGTH EQUIPMENT that's within your reach

BICEPS/TRICEPS

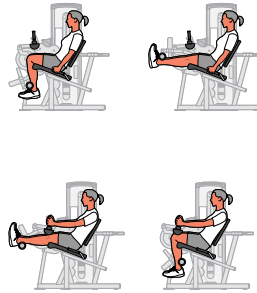

#13230

The new VR1 Duals are an extension of the VR1 selectorized line that further capitalizes on the compact footprint by utilizing multi-function mechanisms. Building upon the VR1 platform provides exceptional flexibility for fitting a facility with the most effective and space-efficient layout.

LEG EXTENSION/LEG CURL
